

# Fishing For Awareness

Pollution In Argentina

## Student Ambassadors 2016

**Mansi Haryan**

**Community Service  
means to me To Help  
Society.**

**Dina Vazquez**

**Community Service  
means to me To  
Understand Others In  
Order To Better Their  
Lives.**

**Susan Garcia**

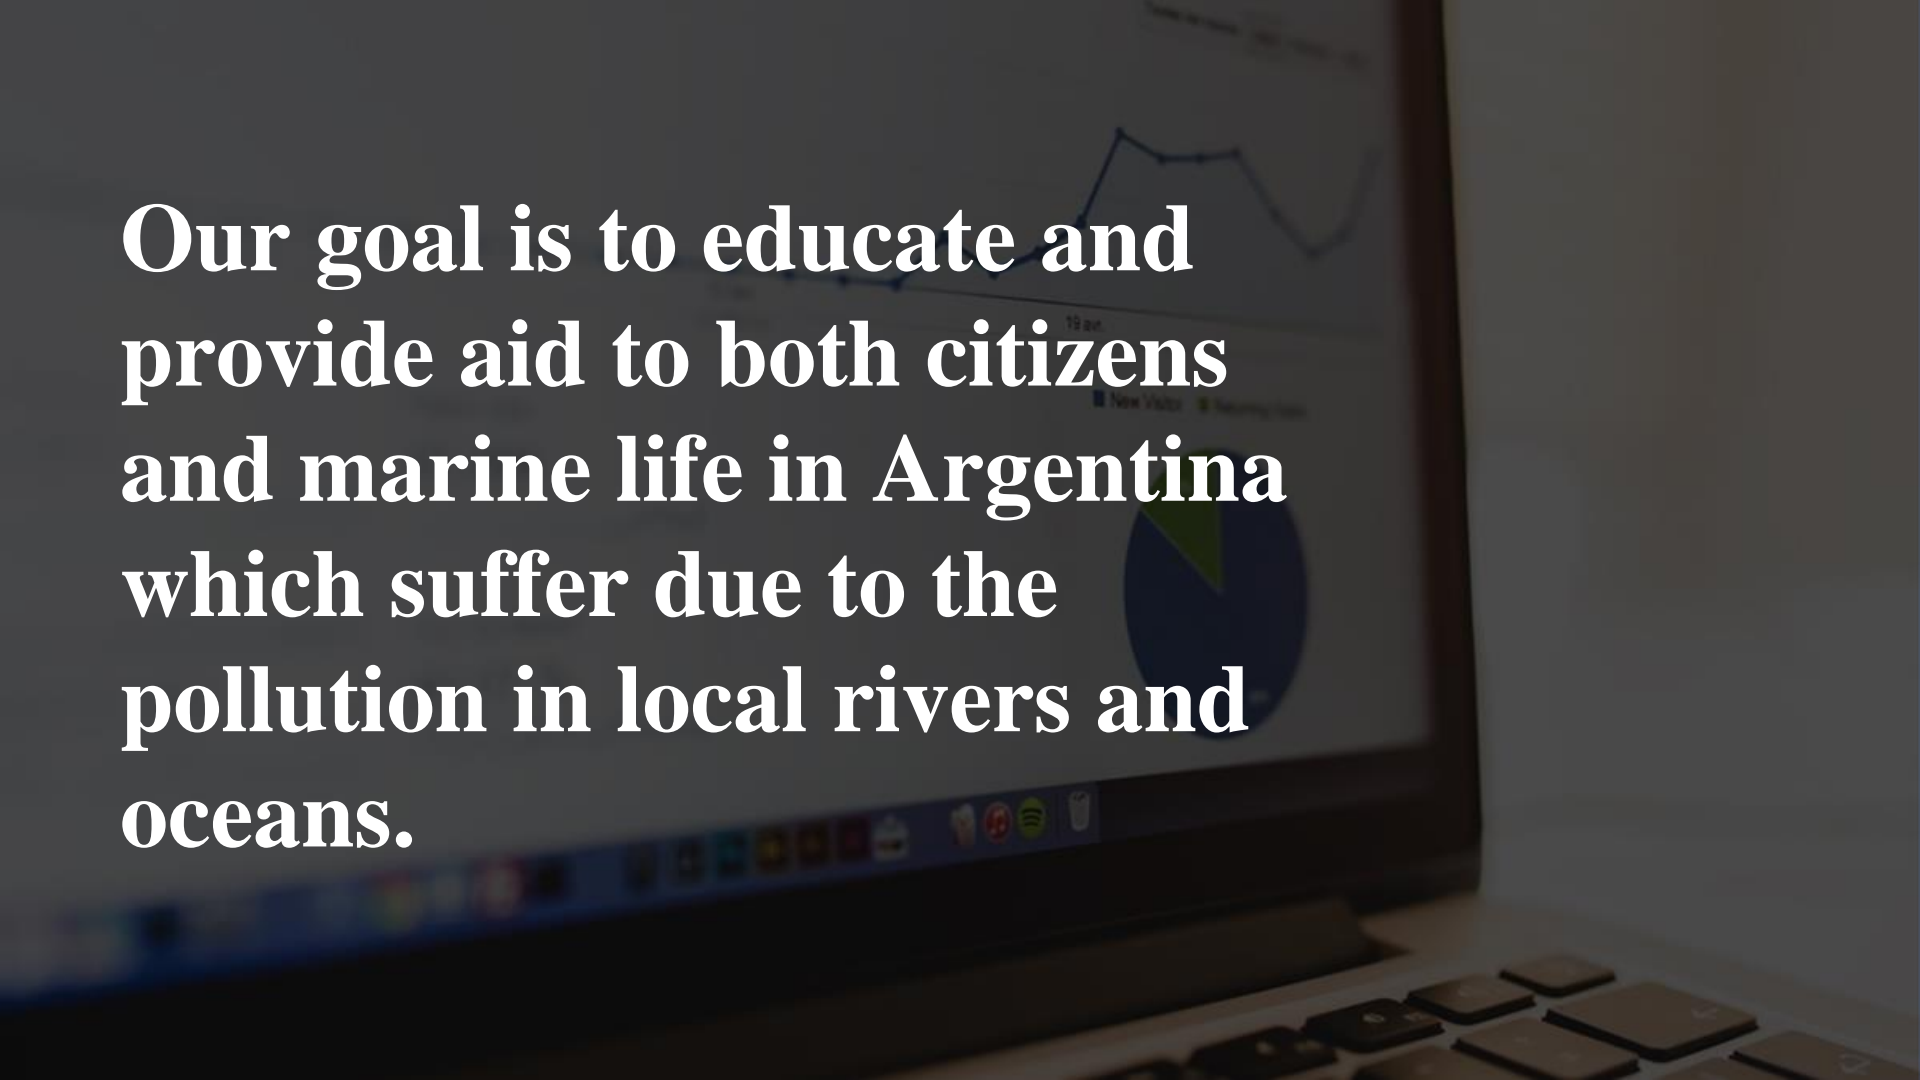

**Community Service  
means to me To Bring  
Goodness Into The  
World.**

**Darimar Ortiz**

**Community service  
means to me To Help  
People.**

**Our goal is to educate and provide aid to both citizens and marine life in Argentina which suffer due to the pollution in local rivers and oceans.**

The image shows a laptop screen with a dark background. On the left side of the screen, there is a large white text overlay. The text reads: "Our goal is to educate and provide aid to both citizens and marine life in Argentina which suffer due to the pollution in local rivers and oceans." The text is in a bold, sans-serif font. In the background, on the right side of the screen, there is a line graph with a blue line and a pie chart with a blue and green segment. The laptop keyboard is visible at the bottom of the frame.

# Over Contamination Affecting Fishery, People, and Marine Life:

- Buenos Aires produces over 5,000 tons of trash a day

## Why Is This Happening?

- Overflowing Landfills, Lack of recycling, and limited information of where trashes ends up

# What We Know

- 2010-29% of people under six years old were anemic
- 34% had psychomotor development issues.
- 60% of people live in a territory deemed unsuitable for human habitation\*
- 6% live in the most unsuitable conditions\*
- 400 dead zones already in existence

\*statistics based on 20,000 people who reside near the river basin

A close-up photograph of a person's hands, wearing a dark long-sleeved shirt, using a pen to draw on a light-colored surface, likely a table. The background is blurred, showing some bokeh lights. The text 'The solution' is overlaid in white on the left side of the image.

# The solution

Promoting awareness in local fishing communities, through campaigns, in order to inspire initiative that will reduce contamination.

# Plan

## Unfolding our Campaign

January 2017

Three months of preparation

June 2017

Recruitments prepare for upcoming clean-ups.

October 2017

Part two initiated of cleaning up the ocean.

Jan Feb Mar Apr May Jun Jul Aug Sept Oct Nov Dec

March 2017

Start of the program, recruiting high school students of designated community

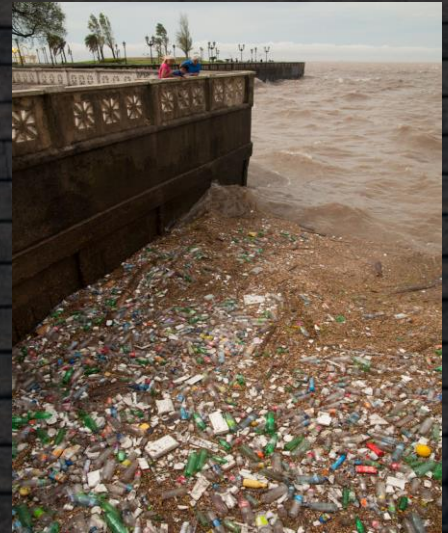

July 2017

Part one initiated in which we begin clean the streets, as much as possible.

# What's our plan?

Our biggest goal is to make awareness of what is occurring, starting with the sanitation of streets and furthering on to Part 2, which is cleaning the ocean.
