

# Manage Ambiguity: The Crisis

## Proving Ground Overview

The purpose of this assessment is to give you an opportunity demonstrate your ability to manage ambiguity when presented challenges in the workplace.

## Proving Ground Directions

You're working on the school's newspaper, The Daily Tribune, and the editor-in-chief assigned you to the top story for the week. The story is about an initiative led by students to protest after a local school shooting. The article is scheduled to be published the next day, but the student you're supposed to interview just cancelled last minute. Now, you're not sure if you'll have sufficient information to write the article.

Develop an **action plan** for how you resolve the situation.
